Himanshu Sodhi

Machine Learning & Data Science Enthusiast | Python Developer

Computer Science Engineering student with practical experience in Python, Machine Learning, Data Science, and Deep Learning. Skilled in data preprocessing, exploratory data analysis (EDA), feature engineering, model training, and evaluation using Scikit-learn. Hands-on experience in developing machine learning applications and solving real-world problems through data-driven approaches. Familiar with AWS cloud fundamentals and continuously enhancing technical skills in Machine Learning and Data Science.

TECHNICAL SKILLS

Programming Languages

• Python • C • C++

Machine Learning & Data Science

• Machine Learning • Deep Learning • Data Science • Exploratory Data Analysis (EDA)

Python Libraries

• Pandas • NumPy • Scikit-learn • Matplotlib • Seaborn • Streamlit

Cloud Technologies

• AWS EC2 • Auto Scaling • Elastic Load Balancer • CloudWatch

Tools

• Git • GitHub • VS Code • Jupyter Notebook • Google Colab

PROJECTS

Titanic Survival Prediction

Python | Pandas | NumPy | Scikit-learn | Matplotlib | Seaborn

• Performed Exploratory Data Analysis (EDA) on the Titanic dataset to identify factors influencing passenger survival.
• Cleaned and preprocessed the dataset by handling missing values, encoding categorical features, and preparing it for model training.
• Built and compared six classification models including Logistic Regression, Decision Tree, Random Forest, K-Nearest Neighbors, Support Vector Machine, and Naive Bayes.
• Evaluated models using Accuracy, Precision, Recall, F1-Score, and Confusion Matrix.

AI Interior Designer

Python | Streamlit | YOLOv8 | Llama 3 | MiDaS | Stable Diffusion

• Developed a prototype AI-powered interior design application that generates personalized room design suggestions from uploaded room images.
• Applied object detection and depth estimation techniques to analyze room layouts and understand spatial information.
• Integrated Large Language Models (Llama 3) and Stable Diffusion to generate customized interior design recommendations.
• Built an interactive Streamlit interface for image upload, processing, and visualization.

AWS Auto Scaling with Load Balancer

AWS EC2 | Auto Scaling | Elastic Load Balancer | CloudWatch

• Configured a scalable cloud environment using Amazon EC2, Auto Scaling Groups, and Elastic Load Balancer.
• Distributed incoming traffic across multiple EC2 instances to improve application availability.
• Configured CloudWatch alarms to automatically scale resources based on CPU utilization.
• Simulated a highly available cloud deployment using AWS best practices.

EXPERIENCE

O7 Services

AI/ML & Data Science Trainee

Jan 2026 – Jun 2026

• Implemented Python-based Machine Learning workflows involving data preprocessing, visualization and model development.

• Developed machine learning models using Scikit-learn and performed data preprocessing

• Gained practical experience in exploratory data analysis, visualization, and predictive modeling.

• Learned Deep Learning fundamentals and Artificial Intelligence concepts through practical assignments.

Hoping Minds

Cloud Computing Trainee

Jun 2024 – Jul 2024

• Gained practical experience with AWS cloud services including EC2, Auto Scaling, Elastic Load Balancer, and CloudWatch.

• Built scalable cloud infrastructure as part of cloud computing training.

• Learned cloud deployment concepts and industry-standard development practices.

EDUCATION

Bachelor of Technology (Computer Science Engineering)

CT Institution of Engineering Management & Technology

2022 – 2026

CGPA: 7.97 / 10

Post Matriculation

Shree Parvati Jain Co-Edu. Sr. Sec. School

2021-2022

CERTIFICATIONS

• Machine Learning with Python – IBM

• Data Analysis with Python – IBM

• Data Visualization with Python – IBM

• Data Science – IBM

• Unix Certification – IBM

LEADERSHIP

Marketing Lead – ByteVerse 1.0 Hackathon

• Led digital marketing campaigns and participant outreach.

• Coordinated promotional activities across multiple colleges.

• Increased hackathon visibility through social media and promotional initiatives.

LANGUAGES

• English • Hindi • Punjabi
